

# Doro, You're My Family

Everyone hurts, everyone bleeds  
With all this pain right underneath  
All we need is holding on  
We got the key  
To carry on  
'Cause you are

Chorus:  
You're my family  
You're my destiny  
The only ones  
The only ones I want  
You mean more to me  
More than life can be  
The only ones  
The only ones I love  
We're united in our hearts

The world is turning cold and dark  
Our lives so wounded  
Full of scars  
And when I'm out here on my own  
I don't have to face it all alone  
'Cause I know

Chorus:  
You're my family  
You're my destiny  
The only ones  
The only ones I want  
You mean more to me  
More than life can be  
The only ones  
The only ones I love  
We're united in our hearts
