

Dottie West, All The World Is Lonely Now

Yesterday you said you love me today you say it's over now
Why did you go away and leave me all the world is lonely now
I tried so hard to make you happy with love your heart would not allow
It's hard to know you'll never love me all the world is lonely now
Goodbye good luck and may God bless you I'm tired to get along somehow
I know I'll never love another all the world is lonely now
All the world is lonely now
Put it off until tomorrow oh oh you've hurt me enough today
