

# Double You, I Gave You All

I gave you all  
I gave you everything  
my true desire  
but what you did not know  
I gave you all  
I gave you everything  
a man in chains  
thinking of love  
and you were there for me  
Chorus

Why do we love thinking of love  
but you will find away  
why do we love thinking of you  
but can you always say

I gave you all  
I gave you everything  
our hearts were gold  
thinking of love  
but you would always say  
Why do we love thinking of love  
but you would hide away  
why do we give thinking of love  
and love will always stay

Repeat Chorus

Why do we give thinking of love  
and love will always stay
