

# Down Below, Empty

Wake up this morning  
And something is wrong  
I don't know  
What's going on  
Look in the mirror  
The picture I see  
An angel face But it's not me... yeah

Hey Hey - an angel face broken inside  
Hey Hey - without a trace, lost inside

And I don't know why  
You've gone away  
I can't stop crying  
'cause you are gone now  
And I'm alone  
In this empty home  
Oh no, oh no  
I don't know why  
You've gone away  
I can't stop crying  
'cause you are gone now  
And I'm alone  
In this empty home  
Oh no, oh no

Wake up this morning and everything hurts  
I lost myself and I lost my words today  
I am in mourning and I am in pain  
An Angel face how to come clean again?

Hey Hey - an angel face broken inside  
Hey Hey - without a trace, lost inside

Do you wanna help me, help me to fight?  
Do you wanna stop my daemons inside?
