

# Draconian, Lustrous Heart

Oh, lustrous heart persevere through life and dishonor  
The tears of Sophia remind you how beautiful you were

Before they made you  
Before they made you to forget  
Before they made you  
Before they made you

Unknown god head down low  
Falling snow  
Unknown god head down low into the fallen snow

You're not untouchable Byzantine hero  
Reach out and break the cosmic window

Bring back a deity of boundary eradication and ultimate freedom  
Total recall and paradises lost comes crashing down

Before they made you  
Before they made you to forget  
Before they made you  
Before they made you

Unknown god head down low  
Falling snow  
Unknown god head down low into the fallen snow  
Into the fallen snow

You're not untouchable Byzantine hero  
Reach out and break the cosmic window  
You're not untouchable
