

DRAG ME OUT, Let Me In

I'm hopeless on my own
I've been swallowed by the storm
You left me all alone here
So please cut off the light
It's getting closer, can you feel it?
Lay this to rest and dry your tears

Beneath my skin
I hear you screaming "I can't breathe"

So let me in
Cuz I can't fight this storm any longer
I'm empty within
I think I'd sell my soul just to see your face

I'm living with a ghost
Her eyes are lonely, she's breathing heavy
She cries at night
I keep her company
And the memories of how she used to
Lay her head on my chest

Beneath my skin
I hear you screaming "I can't breathe"

So let me in
Cuz I can't fight this storm any longer
I'm empty within
I think I'd sell my soul just to see your face
