

# Dragonforce, Chemical Interference

Another night, another inner fight  
The demon's calling  
My soul is dark, my ???  
The whole world's changing

I draw the line, the pleasure redefined  
It's now awakening  
I feel the urge, emotions are ???  
And now it's time to  
Kill! Kill! Kill! Kill!

The speed of light, I feel the time is right  
I've smashed all boundaries  
???, ???  
The night has found me

Infectious ???, a spirit through my head  
The time is coming  
I know the score but I gotta have one more  
And for more, I ???  
Kill! Kill! Kill! Kill!

I am what I choose to be  
I lose grip of reality  
And I have nothing to atone  
All your morals thrown in vain  
I know my pleasure is my pain  
But I'm gonna make it on my own

The sun is up, but I can't get enough  
The sky's the limit  
I'm on the top, but I ain't gonna stop  
I'll never give in

It's in my brain, it's driving me insane  
Hallucinations  
Always the same, but I ain't got no say  
Destruction, I must  
Kill! Kill! Kill! Kill!

I am what I choose to be  
I lose grip of reality  
And I have nothing to atone  
All your morals thrown in vain  
I know my pleasure is my pain  
But I'm gonna make it on my own

(solos)

I see the sunrise once again  
I've lived my life and now I'm dead  
Time to come down, all on my own

This is nothing new for me  
This is my reality  
So open your eyes  
And don't ever hide away

I am what I choose to be  
I lose grip of reality  
And I have nothing to atone  
All your morals thrown in vain  
I know my pleasure is my pain  
But I'm gonna make it on my own

I am on my own
