

# Dragonforce, City of Gold

Her dream was to shine on the screen  
Felt that was why she was born  
Left all behind without a fear inside  
But sometimes there's no lucky star to help you

Sun will go down, and she's all alone  
Can't help but feel insecure  
She'll never stop, the way to the top  
Is more than she bargained for

Her quest for the glory was real  
But somehow it turned out all wrong  
Heartache was never a part of the dream  
Can't find a reason to keep on trying

Turn out the lights, cos deep in the night  
Just like the thousands before  
Hold up your hand, there's hope at the end  
But be careful what you wish for

Now the lights are all gone  
You find yourself on your own  
Welcome the night, cos not all the glitters is gold  
Now the city has gone  
You find your own way back home  
Keep up the fight, and you'll find your kingdom of gold

Another night out on the streets  
Finding a way to survive  
Wasting your chances destroying your dreams  
Counting the tears that you cried

Hiding the pain that drives you insane  
But still you're craving for more  
So give me your hand, hold on till the end  
And you can have what you wish for

Now the lights are all gone  
You find yourself on your own  
Welcome the night, cos not all the glitters is gold  
Now the city has gone  
You find your own way back home  
Keep up the fight, and you'll find your kingdom of gold

Now the lights are all gone  
You find yourself on your own  
Welcome the night, cos not all the glitters is gold

Now the lights are all gone  
You find yourself on your own  
Welcome the night, cos not all the glitters is gold  
Now the city has gone  
You find your own way back home  
Keep up the fight, and you'll find your kingdom of gold
