

# Dragonforce, Heart Of The Dragon

Proud and so glorious standing before of us  
Our swords will shine bright in the sky  
When united we come to the land of the sun  
With the heart of a dragon we ride

We are flying on wings in winter sky with fire burning deep inside  
We are warriors of endless time forever and on  
On wings of steel an ancient flight we see the powers that unite  
The gods will now send us a sign of battle once more

Through the valley we ride full of glory we soar  
Where the fights will be raging for now and for more  
When united we come and divided they fall  
Tonight you will witness it all

Proud and so glorious standing before of us  
Our swords will shine bright in the sky  
When united we come to the land of the sun  
With the heart of a dragon we ride

A land unknown we come so far  
We ride the night till morning star  
When colours fade to black and white  
Your eyes come to sight

With the vision of a great divide  
You turn towards the other side  
You think you run but you can't hide  
The dead can not ride

Through the valley we ride full of glory we soar  
Where the fights will be raging for now and for more  
When united we come and divided they fall  
Tonight you will witness it all

Proud and so glorious standing before of us  
Our swords will shine bright in the sky  
When united we come to the land of the sun  
With the heart of a dragon we ride

Over high seas and mountains  
We fly to the heavens on wings of a dragon tonight

Proud and so glorious standing before of us  
Our swords will shine bright in the sky

Proud and so glorious standing before of us  
Our swords will shine bright in the sky  
When united we come to the land of the sun  
With the heart of a dragon

The heart of a dragon  
The heart of a dragon we ride
