

# Drake, Hush Up the Silence (ft. Wizkid)

I like you  
You're so special!

Just close your eyes  
Let me hypnotize you  
I can make your stone feel sky blue  
Girl, when you lost  
Where can I find you?  
If I'm not beside you  
I'm inside you

Imagine you

..  
You feel me ...  
Because you're close enough  
No definition'  
No .. high

...  
Do you want, girl?

Touch a girl /10x

I'm behind you  
Just close your eyes  
Let me hypnotize you  
I can make your stone feel sky blue  
Girl, when you lost  
Where can I find you?  
If I'm not beside you  
I'm inside you

I'm your doctor  
This is your therapy  
You're money is no good  
Just to care me  
I found the sew  
You're my soul in time  
But all can change  
Let's ...

Touch a girl /10x

I'm behind you  
Just close your eyes  
Let me hypnotize you  
I can make your stone feel sky blue  
Girl, when you lost  
Where can I find you?  
If I'm not beside you  
I'm inside you

You're a dream

...  
You're my queen  
White paper  
Let me pain that wall  
.. pitch black  
Take that off  
In your eyes I can see the window  
And no sign  
Stop lie like a Leo  
You can see  
Bat it'd no me

But if you come  
I set you free

To the left  
To the right  
To the left  
To the left

Go on and touch girl! /3x

Let me keep close your eyes  
Let me hypnotize you  
I can make your stone feel sky blue  
Girl, when you lost  
Where can I find you?  
If I'm not beside you  
I'm inside you
