

Drake, One Dance (ft. Wizkid & Kyla)

Baby, I like your styles!

Grips on your waist
Front way, back way
You know that I don't play
Streets not safe
But I never run away
Even when I'm away
(?), there's never much love when we go (?)
I pray to make it back in one piece
I pray, I pray

I need a one dance
Got a Hennessy in my hand
One more time before I go
Higher powers taking a hold on me
/2x

Baby I like your styles

Strength and guidance
All that I'm wishing for my friends
Nobody makes it from my ends
I had to bust up the silence
You know, you got to stick by me
Soon as you see the text, reply me
I don't want to spend time fighting
We've got no time

I need a one dance
Got a Hennessy in my hand
One more time before I go
Higher powers taking a hold on me
/2x

Baby I like your styles, yeah!
Baby I like your styles

I need a one dance
Got a Hennessy in my hand
One more time before I go
Higher powers taking a hold on me
/2x
