Dream Theater, As I Am

Don't
Tell me what's in
Tell me how to write
Don't tell me how to win
This fight
Isn't your life
It isn't your right
To take the only thing that's
Mine
Proven over time
It's over your head
Don't try to read between the
Lines
Are clearly defined
Never lose sight of
Something you believe in

Takin' in the view from The outside Feeling like the underdog Watching through the Window I'm on the outside Living like the underdog

I've been trying To justify you In the end I will just defy you

To those who understand I extend my hand To the doubtful I demand Take me as I am

Not under your command I know where I stand I won't change to fit your plan Take me as I am

Still Running up hill Swimming against the current I wish I weren't so Fucked Feels like I'm stuck Lost in a sea of mediocrity "Slow down, You're thinking too much Where is your soul?" You can not touch The way I Play Or tell me what to say You're in the way Of all that I believe in

Takin' in the view from
The outside
Feeling like the underdog
Watching through the
Window I'm on the outside
Living like the underdog

I've been wasting my breath

On you Open minds will descend Upon you

To those who understand I extend my hand To the doubtful I demand Take me as I am

Not under your command I know where I stand I won't change to fit your plan Take me as I am

To those who understand I extend my hand To the doubtful I demand Take me as I am

Not under your command I know where I stand I won't change to fit your plan Take me as I am
