

Dream Theater, New Millennium

A single star behind me
A red sky burns ahead
A lonely light below me
Awake among the dead
An overwhelming feeling
Leaves me numb and strange
A sense of new beginning
I sense a wind of change
Out with the old useless
People so cold ruthless welcome
In a new millennium
How many times must I
Live out this nightmare I
Can't wait until a new millennium
I've got this feeling
The tide is turning now baby
Funny feeling everything's gonna be alright now
Living out a constant de ja vu
Keep your head up
Please be patient we will get to you
Keep your head up
Just have some faith and you can see it
Through
Keep your head up
But faith don't pay the rent that's overdue
Keep your head up
All that's glittering is turning blue
Keep your head up
What they want from me ain't gotta clue
Keep your head up
Swallow pride before it swallows you
Keep your head up
Don't dare bite the hand that's starving you
Keep your head up
How can you keep your head
And not go insane when the only light at the end
Of the tunnel is another train
The lies ten feet tall
Have broken my fall
Welcome you all new millennium
It's well overdue and I can't wait to
Welcome in a new millennium
I've got this feeling
The tide is turning now baby
Funny feeling
Everything's gonna be alright now
