

Dream Theater, The Alien

Look beyond the Earth
Heading set for the stars
Interplanetary, some are near
Some are far
Terraform a new world
Survival for mankind
Options but a few
We are running out of time

Should you climb aboard
A voyage, the first of its kind
Road to explore
All that you've known left behind

Our Holy Grail
Now redefined
Our purpose
A thread
Weaving through time
Now with the means to expand
Life beyond here
Digital man
