La la la la la la la

Boy I know you're a bit unsure,  
so I wanna let you know, that you got me,  
baby, I'm all yours,  
gotta have you around,  
don't wanna do without you here,  
if you still don't get the picture

I'm crazy bout you, and I gotta have you. (Crazy)  
'cause I like the way you  
make me feel (Boy I like the way ya.)  
I'm crazy bout you (crazy bout you)  
and I gotta have you (gotta have you)  
and I like the way you make me feel.  
Boy for real.

Can't wait to be alone with you  
hearts racing when you look at me,  
baby, if I could,  
I wanna feel this way for good,  
you don't know just what you do to me,  
baby, I got to be,

I'm crazy bout you, and I gotta have you. (Crazy)  
'cause I like the way you make me feel  
(Boy I like the way ya.)  
I'm crazy bout you (crazy bout you)  
and I gotta have you (gotta have you)  
and I like the way you make me feel.  
Boy for real.

aww...I hope you really understand,  
Can't make it to hard for you to,  
that we...uhh..huh..be together,  
(boy) before I let you go,

"Loon:"

aww....yea..check it out,  
I'm young Markess A.K.A Hollomnight  
Good morning ma, heard you had a love life,  
you look so good, pretty in the sun shine,  
girls you a gold mine, being a wife and the whole nine,  
You captive my mind first time I met you,  
and lords knows I ain't got time to sweat you,  
you look crazy in that new Mercedes,  
and I can't act like it don't phase me,  
because I try to fight it,  
try to conceal it; hide it,  
girl I can't deny it,  
I'm just a fool for your love,  
cool of the club,  
I just wanna move smooth,  
like I'm crushin on duggs,  
I'm a grown man,  
I get to choose who I love,  
choose who I hug,  
choose who I usually rub,  
for other chicks I don't usually buzz,  
girl you wanna know the reason why I choose your love,  
because you drive me crazy, (you drive me crazy, and I gotta have you)  
Cause you make me crazy. (Aww..I like the way you make me crazzzzzzzzy)

I'm crazy bout you, and I gotta have you. (Crazy)  
'cause I like the way you make me feel  
(Boy I like the way ya.)  
I'm crazy bout you (crazy bout you)  
and I gotta have you (gotta have you)  
and I like the way you make me feel.  
boy for real.
