

# Drop Dead, Gorgeous, Bullets Are Scene

I think that I'm missing something  
A subtle target on my heart  
I think that I'm missing someone  
And that someone is you  
I want you right here  
I want you right now  
You want me you got me  
Right here right now  
Take a step back tell me what you wanted  
falling of the deep end feeling guilty as charged  
bullets are scene
