

Dru Hill, Your Are Everything

can i play for you baby
ey yo woody help me out
ey yo jazz you chill for a minute
nokio come on
you like that i'll sing a song 4 you
last night we had an argument
after what so feeling pretty bit
than i took a drink and i didn't think
what was in store for me
so i wrote a letter and dropped it on the bedroom floor
i never felt this way before no
damn i could have closed the door
baby i'm sorry
baby i'm sorry sorry for what i've done
will you forgive me let me be the only one
cause you are
you are everything and i will give you anything
sorry for what i've done i wanna be your only one
girl i apologize for all your tears when you cry
sorry for what i've done i wanna be your only one
girl i apologize for all that i did
and all that i lied and if the change
just one more change
i'll swear i'll be be thinking of you and off me
baby i'm sorry sorry for what i've done
will you forgive me let me be the only one
cause you are
you are everything and i will give you anything
sorry for what i've done i wanna be your only one
girl i apologize for all your tears when you cry
sorry for what i've done i wanna be your only one
you are everything and everything is you
you are everything girl your everything i do (to fade)
