

Dua Lipa, Anything For Love

Dua Lipa prezentuje piosenkę "Anything For Love" z płyty "Radical Optimism" (premiera 3 maja 2020)

And I'm not interested in a love that gives up so easily
I want a love that's set on keeping me
When it hurts we don't even think to cut it off
And I'm not interested in a heart that doesn't beat for me
I want a mind that meets me equally
When it's hard it won't ever feel like it's too much

Remember when we used to do anything for love?

We're all so scared of forever
And no one promises always
We're not perfect together
That means we gotta part ways

Remember when, we used to do anything for love?

We're all terrified of heartbreak
Run at first signs of problems
Make it look way too easy
We've all got too many options

Remember when
Remember when
We used to do anything for love?
Anything for love

But I'm not interested, in a love that gives up so easily
I want a love that's set on keeping me
When it hurts we don't even think to cut it off

Remember when, we used to do anything for love?
