

Dua Lipa, Maria

Dua Lipa prezentuje piosenkę "Maria" z płyty "Radical Optimism" (premiera 3 maja 2024 r.).

I've had love but his is the deepest, yeah
Says he'll never leave, he means it too, yeah
Ooh, I owe it to you

He was cold and now he's the sweetest, yeah
'Cause he knows how much there is to lose, yeah
Ooh, I owe it to you
Ooh, I owe it to you
Ooh, I owe it to you

Maria, I know you're gone
But I feel ya, when we're alone
Even when I'm here in his arms
I know you're somewhere in his heart
Maria
Maria

I know you're somewhere in his heart
When love comes young you take it for granted, yeah
Now he knows certain things you can't undo, no
Ooh I owe it to you
Deepest affect always comes from a cause
I'm better too from the ones that I've lost
Now he is everything I'd ever want
I wanna thank you for all that you've done

Oh Maria, I know you're gone
But I feel ya, when we're alone
Even when I'm here in his arms
I know you're somewhere in his heart
Maria
Maria
I know you're somewhere in his heart

Never thought I could feel this way
Grateful for all the love you gave
Here's to the lovers that make you change
Maria
Maria, Maria

Maria, I know you're gone
But I feel ya, when we're alone
Even when I'm here in his arms
I know you're somewhere in his heart
Oh Maria, I look in his eyes and I see ya
Time after time
Even when I'm here in his arms
I know you're somewhere in his heart
