

# Dua Lipa, Whatcha Doing

Dua Lipa prezentuje piosenkę "Whatcha Doing" z płyty "Radical Optimism" (premiera 3 maja 2024)

After midnight  
Me and my thoughts alone  
There's a part of me that wants to steal your heart  
And a part that tells me "Don't"  
'Cause I'm no good at giving up control  
Are you worried that I might find something wrong  
'Cause I'm worried that I won't

But if control is my religion  
Then I'm heading for collision  
Lost my 20/20 vision  
Please

Whatcha doing to me, baby?  
I'm scared to death that you might  
Be the one to change me  
You're in my head and now you're  
Clouding my decisions  
Got me heading for collision  
Whatcha doing to me, baby?  
Oh whatcha doing?

In the future  
I see you next to me  
But I can't shake the feeling that there's more to learn  
In the time between

But if control is my religion  
Then I'm heading for collision  
Lost my 20/20 vision  
Please

Whatcha doing to me, baby?  
I'm scared to death that you might  
Be the one to change me  
You're in my head and now you're  
Clouding my decisions  
Got me heading for collision  
Whatcha doing to me, baby?  
Oh whatcha doing to me?

Tell me whatcha doing to me  
Tell me whatcha doing to me  
Tell me whatcha doing to me

If control is my religion  
Then I'm heading for collision  
Lost my 20/20 vision  
Please  
Tell me whatcha doing to me  
If control is my religion  
Then I'm heading for collision  
Lost my 20/20 vision  
Please

Whatcha doing to me, baby?  
I'm scared to death that you might  
Be the one to change me  
You're in my head and now you're  
Clouding my decisions  
Got me heading for collision  
Whatcha doing to me, baby?

Oh whatcha doing to me?

Tell me whatcha doing to me  
Tell me whatcha doing to me  
Tell me whatcha doing to me  
Tell me whatcha doing to me
