

Duran Duran, Anniversary

Come celebrate this union
Come holy and unchained
How do you know, stay or go
Keep riding on the train
What does it take beneath the skin
To keep from letting go
Some moments burned into the storm
And some you'll never know

Again
Anniversary
Celebrate
Anniversary
Across the world, on radio
For anyone to hear
We are the song so bring it on
Once more be close and clear

Again
Anniversary
Celebrate
Anniversary
It's our time
Anniversary
We're so fine
Anniversary
Celebrate with silver organ bow
Celebrate with paper, gold, and stone

It may not seem like much
It may not seem like much at all
It may not seem like much
But it's everything to us

Again
Anniversary
Celebrate
Anniversary
Again
Anniversary
Celebrate
Anniversary

It's our time
Anniversary
We're so fine
Anniversary
I don't know, I don't know
Oh, are we still holding on?
And I know, can't stop, can't stop
And I know, can't stop you, no
Holding on, holding on
Holding on and on and on
And on and on
