

Duran Duran, Needle And The Damage Done

I've caught you knocking on my cellar door
I love you baby can I have some more ooo-ooo the damage done
I hate the city and I lost my band I watch the needle take another man
Gone, gone the damage done
I sing this song because I love the man
I know that some of you don't understand
Built up to keep from running out
I've seen the needle and the damage a little part of it in everyone
But if you junkies like the setting sun
