

Duran Duran, Pretty Ones

(Le Bon, Rhodes, Taylor, Taylor, Taylor)

Pony up girl, show and tell - go Chanel on crocodile
Hipster low slung lazy feet
hit the street latino style

Going down to the disco
where she's gonna star in some fiasco
Anywhere the party's on
break of day - San Tropez to Fresno, she's the type

And another thing... (you pretty ones)
we love the way you are
We'll do anything (you pretty ones)
older than n'est paz
All the pretty ones (you pretty ones)
love the way you are
You pretty ones (you pretty ones)
la la la la la

Here she comes, off the rail - DNA laced with nicotine
Shame the sun
walking proud, talking loud for all you glamour queens

We're going down to the disco
and we're gonna grind out a floor show
Everyday's a change
'round the world - Daddy's girl wherever she may be

And another thing... (you pretty ones)
we love the way you are
We'll do anything (you pretty ones)
older than n'est paz
All the pretty ones (you pretty ones)
love the way you are
You pretty ones (you pretty ones)
la la la la la
