

# Duran Duran, Read My Lips

(ROCK IT!)

I got something  
You got nothing to lose  
I could give you  
So much more than you're used to  
Move a little closer  
Maybe we can slip away

Right now we could use a little privacy  
All too much attention from your friends in here  
Move a little closer  
Trust me  
I'm not on the make  
(That's a lie)  
If I could pull you over  
C'mon lady, what d'you say

Get a grip  
Don't resist  
Read my lips

It's a trip  
Ain't a risk  
Read my lips

Get a grip  
Don't resist  
Read my--  
(lips)

Part of you wanna get lucky  
Part of you wanna go trade  
Part of you wanna come looking  
Part of you want to stay.....

(ROCK IT)

Get a grip  
Don't resist  
Read my lips

It's a trip  
Ain't a risk  
Read my lips

She's all mine...
