

# Earth, Wind And Fire, Motor

Maurice White, Lestley R. Pierce & Frankie Blue

Cool down, don't heat up that way  
every time we start it up  
then she'll say  
don't take love so seriously  
it's just what you see  
I don't want to push her hard  
circumstances making me play the part  
it's more than just a game to me

chorus:

When it feels right, don't stop the motor  
baby keep it on  
let's work it all night, don't stop the  
motor when it's running strong

Sparks fly, we create a flame  
one more time, baby give your love again  
two hearts, forever be the same

chorus

bridge:

My love is right for you tonite  
I see the fire deep in your eyes  
got my key, you believe  
just one spark and we will come alive

chorus
