

Earth, Wind & Fire, Song In My Heart

Maurice White, Garry Glenn and Brenda Russell

I've gotta song in my heart
And a feeling just for you
So good that, we can't tear apart
A love that's positively true
Can't stop these feelings I got
Cause I've been trying to get thru
I've gotta song in my heart
And a feeling just for you

Oh, it's time that we show
just what one means, to the other
take my hand, and you'll know
We got a whole world to discover

Oh, I, I've gotta song in my heart
And a feeling just for you
I've gotta song in my heart
And feeling, feeling

Once in a lifetime you feel
this ringing in the air
Something delightful and real
Is something we can share
Now that we've started a spark,
there's light that's peeping thru
I've gotta song in my heart
and a feeling just for you

Smile, love will show
a wonderful blessing for believers
And what you're giving me, Im giving right back
Right back to you, try giving up, planting a reason
for deceiving
Love, it gives a touch
and love is pleasing and receiving

Oh, I, I've gotta song in my heart
and a feeling just for you
