

# Earth, Wind & Fire, Wanna Be With You

Maurice White & Wayne Vaughn

Yesterday seems like so long ago  
This space I'm in, reminds me so  
Of the times, I use to rip and run  
Shootin' my guns and out for fun

As time passed by, I changed my point of view  
Started to search for someone like you  
You made me feel so much love from the heart  
Enough to know we'll never part

I wanna be with you  
That's all I want to do  
I wanna be with you  
That's all I want to do  
I wanna be with you

Look at you, like someone from a dream  
You came to me, in time of need  
You are the best, You're different from the rest  
You take the cake, for goodness sake

I take you out, to prove that it's true  
The greatest love I ever knew  
Is in my arms, for more than just a night  
'Cause baby now, you are my life

I wanna be with you  
That's all I want to do  
I wanna be with you  
That's all I want to do  
I wanna be with you
