

# Echobelly, Atom

Sunken sky of silver grey  
A shame they took the sun away  
I could have done with some  
Today the world's a shade of blue  
Decidedly because of you  
Honey I don't know why  
I've seen the sign, the silhouettes  
The darker side I know so well  
I don't know where I've fallen  
I don't know where I've fallen  
Only one way to go  
I won't miss you  
Magic tales and pony tails  
And fingernails that should've been cleaned  
Yesterday - far away  
The memories swell, the minutes fade  
Hours pass and decades fail  
Honey I don't wanna die  
And life is like unfaithful sand  
Slipping through this open hand  
I don't know where I've fallen  
I don't know where I've fallen  
Only one way to go  
I won't miss you  
I won't miss you  
I won't miss you
