Ed Bruce, One

Words & Samp; amp; Music by Ed Bruce, Ron Peterson & Samp; Judith Bruce

If you want to hear a love song I could sing one
If you want to feel the fire
We could build one
If you need to catch a rainbow
We could chase one
If you want to be together
We could be one

Now, you talk about tomorrows
I can see one
There's no mountain we can't climb
If we reach one
If you believe in forevers
We could start one
If you want to be together
We could be one

One and one, I've always heard Adds up to two But one and one is only one When that one is me and you If you believe in forevers We could start one If you want to be together We could be one
