

Eddie Murphy, Promise (You Won't Break My Heart)

Promise you won't break my heart!

No, no, no

Promise you won't break my heart!

Promise you won't break my heart,

Cause my heart's been broken a million times before!

I think I can't take no more, uh, uh, uh!

I was sad and lonely, uh, uh

I was so, so lonely

Promise you won't break my heart

No, no, no!

Promise you won't break my heart

Do you really love it?

Because I love you so

But I don't wanna hurt no more, more!

I'm so glad I found, I've been all alone

Please, promise you won't break my heart

No, no, no, no!

Do you keep your promise if you promise not to break my heart?

You should be waking me over

Do you keep your promise if you promise not to break my heart?

Please!

No, no, no

Do you keep your promise if you promise not to break my heart?

You should be waking me over

Do you keep your promise if you promise not to break my heart?

Please!

Promise me you won't break my heart,

Cause my heart's been broken

A million times before!

I think I can't take no more, uh, uh, uh!

I was sad and lonely, uh, uh

I was so, so lonely

Promise you won't break my heart

No, no, no!

Promise you won't break my heart

No, no, no!

Promise you won't break my heart

No, no, no!

Promise you won't break my heart

No, no, no!

No, no, no!
