

Edguy, Sabre & Torch

Are you the one who failed
to listen to what the pundits say?
Don't hesitate to phrase desire
You fail to exercise
prudence and passivity
And you can't approve the tide

No!

We bid you welcome
to pageant of anomaly
We deliver disarray
You fail to tell
perception from reality
But what's the difference anyway?

The devil you don't know sure ain't worn out
Pick your poison
With sabre & torch

Ooh, ooooh, ooooh ooh
Out of the dark into the fire below!
Ooh, ooooh, ooooh ooh
Out of the dark into the fire below!
Drawn to the light

You see that everyone's
the only and the chosen one
A single drifter in the flow!
In search of light they would
Approve to sacrifice the sun
And say "It's just the way things go"

The sabre in one hand,
torch in the other
Sharpen your wits!
At the end of their way

Ooh, ooooh, ooooh ooh
Out of the dark into the fire below!
Ooh, ooooh, ooooh ooh
Out of the dark into the fire below!
Drawn to the light

[solo]

Ooh, ooooh, ooooh ooh
Out of the dark into the fire below!
Ooh, ooooh, ooooh ooh
Out of the dark into the fire below!
Drawn to the light
