

Editors, All Sparks

You're answering questions
That have not yet been asked
All sparks will burn out in the end

You burn like you're bouncing
Cigarettes on the road
All sparks will burn out in the end

All sparks will burn out
All sparks will burn out
All sparks will burn out
In the end

You're casting opinions
At people who need them
All sparks will burn out in the end

Well, be careful angel
This life is just too long
All sparks will burn out in the end

All sparks will burn out
All sparks will burn out
All sparks will burn out
In the end

You burn like a bouncing cigarette

All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
In the end
