

# Edyta Górniak, Consequences

Consequences  
When you gonna realize  
You gotta learn your lesson  
Don't forget to open your mind  
There is  
No ambition  
Just intuition  
Keeps you bright  
With me, with me, with me  
Reach for the sky

So take it higher (higher) to realize  
What you desire (desire) can  
change your life

High you can make it  
High never fake it  
Let's fly tonight

High you can make it  
High never fake it  
Let's fly tonight

Consequences  
Sometimes you should  
Take a step back  
A truth injection  
Protects you from the things  
In your past

There are  
No pretenses  
(just) use your senses  
Then you'll find  
The way, the way, the way  
You just have to try (try)

So take it higher (higher) to realize  
What you desire (desire)  
can change (can change, can change) your life

High you can make it  
High never fake it  
Let's fly tonight

High you can make it  
High never fake it  
Let's fly tonight

So take it higher (higher) to realize (to realize)  
What you desire (desire)  
can change your life (can change your life)

Let's fly  
We gonna make it  
I know  
Let's try  
You can make it

Yes

High you can make it  
High never fake it  
Let's fly tonight

High you can make it  
High never fake it  
Let's fly tonight

We gonna make it

So take it higher (higher) to realize  
What you desire (desire)  
can change (can change, can change) your life

High you can make it  
High never fake it

High you can make it  
High never fake it

We gonna make it
