Edyta Górniak, Soul Boy

Won't you be my soul boy Won't you be my soul There's been no one like you Trusted and true

I just wanna be loved by you Just wanna be loved by you Like a soul boy

Won't you be my soul boy And take me as I am I had enough of bad dreams And one night stands, baby

I just wanna be loved by you I want to be really loved by you Like a soul boy

Take me as I am boy, hold me while you can There's not a woman in the world Lovin' you better than I do Take me as I am Be like a soul boy

I don't wanna be with no one else I don;t wanna kiss no one else I want you to be ma soul boy

No more fighting and no more leaving It ain't exciting and I quit believing That you're my soul boy, soul boy, soul boy
