

Edyta Górniak, YOUR HIGH

Every time I feel your heartbeat
I can see the sunlight in my head
Every we were
I listen to the moonlight's calling
And just enjoy and listen to what I say
Every we were

Take me there
So high
I never forget
Take me there
Your high
I never forget

Every time I hear your heartbeat
I can feel the sunlight in my skin
Every we were
I listen to the whispers calling
I just enjoy, the miss, what they send
And never forget

Take me there
Your high
I never forget
Take me there
So high
I never forget

You can be the girl
In my circumstance
We can lay there
Take a touch (?) there
Where we come to dance
Let's do it again!

Take me there
(Take me there)
Your high
I never forget
(You don't wanna feel myself)
Take me there
((Take me there)
So high
I never forget
Take me there
(Take me, take me, take me)
I never forget
Don't want to forget you, baby
