

Elbow, What Time Do You Call This?

What Time Do You Call This?
What Time Do You Call This?
What Time Do You Call This?
What Time Do You Call This?

What Time Do You Call This?
I've been crawling to wilder all my days
To now find your face shining out of the crowd
It was just a words
... detention
Coz love was just the joy..
... senseless

Oh, shrink with me
.. with me
Wind with me
Fly with me
Endlessly fallow me
To the ...
Swallow me
Stay, please, now with me
Drinking, dancing, laughing with me
Tell me when I go too far
Stay preciously where you are
Tell me answers for all my lies
Hold... with those eyes

..
Check my spell
And ring my bell

...
Tender...
Check my spell
And ring my bell

Separate me from my breath
Kiss me nearly half to death
