## Elbow, What Time Do You Call This?

What Time Do You Call This? What Time Do You Call This? What Time Do You Call This? What Time Do You Call This?

What Time Do You Call This? I've been crawling to wilder all my days To now find your face shining out of the crowd It was just a words ... detention Coz love was just the joy.. ... senseless

Oh, shrink with me .. with me Wind with me Fly with me Endlessly fallow me To the ... Swallow me Stay, please, now with me Drinking, dancing, laughing with me Tell me when I go too far Stay preciously where you are Tell me answers for all my lies Hold... with those eyes

Check my spell And ring my bell

Tender... Check my spell And ring my bell

Separate me from my breath Kiss me nearly half to death

What Time Do You Call This? What Time Do You Call This? What Time Do You Call This? What Time Do You Call This?
