

# Eldritch, Iris

When I first saw your eyes, they were so bright  
I felt a strike and the shivers straight down my spine?  
I dream of you since that night, and in my dreams  
You're like the lightning, striking and making me blind..  
Two years have gone since that night  
But can't get you off my mind  
I got this feeling of emptiness  
If you're not by my side?  
IRIS ALL I WANT IS YOUR EMBRACE  
As time goes by I realize that you ain't mine  
But far away now, I suffer and pain rips my soul  
Why did this happen to me?  
What could I say or could do  
To see you, breathe you at least once again?..  
Let's don't waste this sign of fate  
Let's follow destiny's line  
Let's give real love a try at least once in this life..  
IRIS ALL I WANT IS YOUR EMBRACE  
LET'S GIVE LOVE A REAL TRY, A REAL TRY?  
IRIS ALL I WANT IS YOUR EMBRACE?
