

Eldritch, Waiting for Something

WAITING FOR SOMETHING

It's sad but there's no future

Nothing to believe in now

No virgin land to conquer

No one could see me laugh..

I fought my heavy battles

Facing the world alone

I am too hard to handle

Depressed deep to the bone?

And suddenly

She walked in my dreams

Then suddenly

She walked away again..

STANDING

STILL STANDING WAITING

FOR SOMETHING

SOMETHING TO BELIEVE IN..

I've tried and tried to trust her

But nothing's gonna change me now

They drew me as a monster

I'm never gonna back down..

And suddenly

She walked in my dreams

Then suddenly

She walked away again..

STANDING

STILL STANDING WAITING

FOR SOMETHING

SOMETHING TO BELIEVE IN..

Still standing here, waiting for something

Still standing here?
