Electric Six, Lenny Kravitz

Ever since I met you, you were someone I knew lookin for a little somethin somethin to do you wanted one stop shoppin' and clothes that fit you you wanted to look pretty when they're taking your picture

now you want your life to move a little bit faster a little bit of death, a little bit of disaster well I was doing this before you were born the glove already fit you before it was worn

and girl, the choice is yours I can dress you up as the devil or I can dress you up as one of the devil's whores

oh oh

calling all girls of the opposite sex I know you just can't wait for what happens next I got a five-step plan and a brand-new facility the perfect habitat for testing sex ability

all you need's a credit card you're good to go roll a little footage and feel my little flea-oh(??) I wanna see who's living between your legs you just can't make an omellette without breaking some eggs

and girl, what do you say? You can dress me up like JFK hide in the grassy knoll and blow me away!

oh oh

SOLO!

I have some money here for you, so reach in to me and grab it And I have never understood why anybody likes Lenny Kravitz I see no reason for this to continue I don't have anything else to put in you now go back home girl and do whatever it is that you do

And girl, I hate to break you the news when you win here, you really lose and you've been such a pleasure to use

oh oh
