

Elisa, A Little Over Zero (Then Comes The Sun V

What shall I do, just to feel
a little over zero a little over
now that I'm sadness
now that I'm weakness
gonna walk like it's forever
gonna walk because it would save me
and my fragility could kill me

is this the best
I can be
is this the best
I can give
cause I wanna break out
n just live my life
yeah I wanna wake up
n find out I'm alive

a saint for each bone
would be magical
it would feel so all consuming
that I'd burn up just like paper
and my serenity
it would kill me so

is this the best
I can be
is this the best
I can give
cause I wanna break out
n just live my life
I wanna wake up
n find out I'm alive
I wanna break out
n just live my life
I wanna wake up
n find out I'm alive alive alive alive

is this the best
I can be
is this the best
I can give
is this the best
I can give to you
is this the best
I can give to you
