

Elisa, Tic Tac

Tic tac

Tic tac

Run up those stairs

Cause someone's waiting

You'd better run up those stairs

Somebody's waiting

You're so tired after you've worked

But you know you can miss things

It's so powerful and it will take

Troubles out of your head

It's so powerful and it will take

Troubles out of your head

You're rushing

This is the best lover

Music is the best lover

It's the best lover, the best lover

You're thinking in a strange way

You're so afraid of problems

You're thinking in a strange way

You're so afraid of problems

You're afraid of problems

You're so scared about the ground

And what's so scared about the ground

Tic tac

Tic tac

You run up those stairs

Somebody's waiting

You'd better run up those stairs

Somebody's waiting

You're so tired after you've worked

But you know you can miss things

You're so tired after you've worked

But you know you can miss things
