

# Elize Ryd & Tony Kakko, Christmas is Here

Northern lights, shining on winter nights,  
Warming on steep inside,  
Once more a reason,  
To a whole of faith, in the human race,  
Now as we celebrate this \_\_\_\_\_ season  
Christmas is here! Let's sing a song together,  
Another year, let the music go on forever,  
Christmas is here! Bring out the joy together,  
Lasting forever and forever 'coz Christmas is here!

Lend an ear, to people who live in fear,  
Reach out to \_\_\_\_\_ here,  
Come forth to sorrow  
Try to show the way,  
To those who have gone restrain(?),  
Yielding(?) a brand new day for new tomorrow  
Christmas is here! Let's sing a song together,  
Another year, let the music go on forever,  
Christmas is here! Bring out the joy together,  
Lasting forever and forever 'coz Christmas is here!

\_\_\_\_\_ to forgive the past,  
Searching for the \_\_\_\_\_ of lights(?) ahead,  
We all know that the trees will last,  
Just like the wise man once said,  
Yeeee-aaaaa-aaaaaaa-aaaahhhhhh  
Christmas is here! Let's sing a song together,  
Another year, let the music go on forever,  
Christmas is here! Bring out the joy together,  
Lasting forever and forever 'coz Christmas is here!

Christmas is here! Let's sing a song together,  
Another year, let the music go on forever,  
Christmas is here! Bring out the joy together,  
Lasting forever and forever 'coz Christmas is here!
