

# Elley Duhé, TALK

Wild horses runnin' off of emotions babe  
We don't force it  
While we're rollin' like ocean waves

Tell me, love  
What's exactly on your mind  
'Cause the way you touch  
Got me listenin' all night

You say it all, you say it all  
I feel your hands, they wanna talk  
You wanna talk, you wanna talk  
I'm hearin' everything I want  
I see the fall, I see the fall  
Read me the writin' on the wall  
You say it all, you say it all  
Talk

Slow it down  
'Cause you're creepin' inside my heart  
With that pretty mouth  
I'm just a house cards  
Fallin' apart (Fallin' apart)

'Cause the way you touch  
Got me listenin' all night

You say it all, you say it all  
I feel your hands, they wanna talk  
You wanna talk, you wanna talk  
I'm hearin' everything I want  
I see the fall, I see the fall  
Read me the writin' on the wall  
You say it all, you say it all  
Talk

The way you look me  
Eyes full of stars  
The way you touch me so deep  
I'm yours

You say it all, you say it all  
I feel your hands, they wanna talk  
You wanna talk, you wanna talk  
I'm hearin' everything I want  
I see the fall, I see the fall  
Read me the writin' on the wall  
You say it all, you say it all
