

Ellie Goulding, Explosions

You tremble like you see a ghost
And I gave in
I like the things you need the most, you said
Where have you been?
You wasted all that sweetest to run in hide
I wonder why
I remind you the days you broke your heart in two
But you never tried
I'm falling from grace
Took a blow to my face
I've loved and I've lost
I've loved and I've lost
Explosions...
On the day you wake up
Needing somebody and you blow...
It's okay to be afraid
But it will never be the same

It will never be the same

You left my soul bleeding in the dark
You could be king
You rose, you set a sail on tour to me at night
Lost my faith and everything
The nice you could go, your intentions were gold
And the mountains would shake
I need to know I can still make
Explosions...
On the day you wake up
Needing somebody and you blow
It's okay to be afraid
But it will never be the same
It will never be the same

And as it flies you feel
And your body starts to sink
I was a laughing on your mind
I know you're better than you think
Cause a simple darling, I gave you wanted
Now everything you wrote, is falling from the sky in pieces
So watch them fall with you, is emotion
I prayed that you'd find peace in mine
And I find you another time
I love you, another time
Explosions...
On the day you wake up
Needing somebody and you blow
It's okay to be afraid
But it will never be the same
It will never be the same
