

Ellie Goulding, On My Mind

It's a little blurry how the whole thing started
I don't even really know what you intended
Thought that you were cute and you could make me jealous
Poured it down, so I poured it down
Next thing that I know I'm in a hotel with you
You were talking deep like it was mad love to you
You wanted my heart but I just liked your tattoos
Poured it down, so I poured it down

And now I don't understand it
You don't mess with love, you mess with the truth
And I know I shouldn't say it
But my heart don't understand

Why I got you on my mind /4x
But my heart don't understand
Why I got you on my mind /4x

I always hear, always hear them talking
Talking 'bout a girl, 'bout a girl with my name
Saying that I hurt you but I still don't get it
You didn't love me, no, not really
Wait
I could have really liked you
I'll bet, I'll bet that's why I keep on thinking 'bout you
It's a shame (shame), you said I was good
So I poured it down, so I poured it down

And now I don't understand it
You don't mess with love, you mess with the truth
And I know I shouldn't say it
But my heart don't understand

Why I got you on my mind /4x
But my heart don't understand

Why I got you on my mind
You think you know somebody
/3x

Why I got you on my mind

You got yourself in a dangerous zone
Cause we both have the fear, fear of being alone

And I still don't understand it
You don't mess with love, you mess with the truth
And my heart don't understand it
Understand it, understand it

Why I got you on my mind
You think you know somebody
/10x
