

Ellie Goulding, Slow Grenade (ft. Lauv)

Help me, my God this get messy
Least i got the best seat
Cause w epun on one hell of a show
Waiting, I just keep on waiting
Fro the final curtain
'Cause i just can't let go of your love

You say name like you know my dark side
Can't beat the teste of the tears that i'll cry

Slow grenade
It's blowing up my mistakes
So why don't I, why don't I stop it?
It's like a part of me is must want it
That's why i am not running form it
Can't escape this blowing up
In my face so why i can't i
why can't i stop it?
Still got time fir me to stop it
It's like a part of me must love it
It's like a part of me is must want it
That's why i am not running form it

[Lauv:]
Crazy, late nights in the city
Drinl until you hate me
Then say that i should just let you go
But hold on, wjy do we still hold on?
Thin that we should move on
But we're too scared of being alone

You say name like you know my dark side
Can't beat the teste of the tears that i'll cry

Slow grenade
It's blowing up my mistakes
So why don't I, why don't I stop it?
It's like a part of me is must want it
That's why i am not running form it
Can't escape this blowing up
In my face so why i can't i
why can't i stop it?
Still got time fir me to stop it
It's like a part of me must love it
It's like a part of me is must want it
That's why i am not running form it
Slow grenade
It's blowing up my mistakes
So why don't I, why don't I stop it?
It's like a part of me is must want it
That's why i am not running form it
Can't escape this blowing up
In my face so why i can't i
why can't i stop it?
Still got time fir me to stop it
It's like a part of me must love it
It's like a part of me is must want it
That's why i am not running form it

Help me, my God this get messy
Least i got the best seat
Cause w epun on one hell of a show

Slow grenade

It's blowing up my mistakes
So why don't I, why don't I stop it?
It's like a part of me is must want it
