

# Elton John, Can't Get Over Getting Over Losing You

Music by Elton John

Lyrics by Gary Osborne

At last I'm over losing you

I've cried so many tears it just ain't true

My eyes are red, my heart is blue

I can't get over getting over losing you

I can't turn back the hands of time

I've come so far, I have to see it through

The trouble is that I still find

I can't get over getting over losing you

I hardly ever think of you

Except in the morning and then in the evening, again in the afternoon

I guess it's true, I'm over the worst

But living's the one thing that ain't rehearsed

But I know that's all behind me now

I'm learning how to live my life anew

And as soon as I discover how

Then I'll get over getting over losing you

I hardly ever think of you, I roll with the punches

I'm taking it easy, I don't play hunches like I used to do

I'm over you now

Still trying to forget you but I don't know how

But at least I'm over losing you

There's only one thing left for me to do

Oh my eyes are red, my heart is blue

I draw the lone on you and me, forget how fine it used to be

And I'll get over getting over losing you

And I'll get over getting over losing you
