

Elton John, The Trail We Blaze

Music by Elton John

Lyrics by Tim Rice

From the soundtrack "The Road To El Dorado"

Look out new world here we come

Brave, intrepid and then some

Pioneers of maximum

Audacity whose resumes

Show that we are just the team

To live where others merely dream

Building up a head of steam

On the trail we blaze

Changing legend into fact

We shall ride into history

Turning myth into truth

We shall surely gaze

On the sweet unfolding

Of an antique mystery

All will be revealed

On the trail we blaze

Paradise is close at hand

Shangri-la the promised land

Seventh heaven on demand

Quite unusual nowadays

Virgin vistas, undefiled

Minds and bodies running wild

In the man behold the child

On the trail we blaze

The trail we blaze

Is a road uncharted

Through terra incognita to a golden shrine

No place for the traveler

To be faint-hearted

We are part of the sumptuous grand design

Changing legend into fact

We shall ride into history

Turning myth into truth

We shall surely gaze on the sweet unfolding

Of an antique mystery

All will be revealed

On the trail we blaze

On the trail we blaze
