

Elvis Costello, Remove This Doubt

It's hurting me
It's hurting me
This doubt is hurting me
So remove this doubt
From my heart little girl
And let me live my life
Knowing you care
Remove this doubt
From my mind little girl
And let me breathe again
Feeling my love is shared

Each time we meet
You make me feel so incomplete
There's no joy in the air
I just don't think you care

Close the door
On doubt forever
And may it nevermore
Make me unsure

Turn the key
And lock away this doubt in me
Keep it in the dark
Not in my heart

Be more tender
Completely surrender
Your love to me
Is sweet and not discrete

Remove this doubt
From my heart little girl
And let me live my life
Knowing you care
Remove this doubt
From my mind little girl
And let me breathe again
Knowing my love is shared

Each time we meet
You make me feel so incomplete
There's no joy in the air
I just don't think you care

Remove this doubt from my heart [6x]
